

# College Visit

## Items to Ponder:

- ◆ Start with a school that is not your top choice.
- ◆ Sign in at the admission office.
- ◆ Be the leader in asking questions – not your parents.
- ◆ Listen to other's questions.
- ◆ Listen to what is emphasized by the leader.
- ◆ Talk with your parents after the visit and discuss likes and dislikes.
- ◆ Separate your feelings about the leader from your impression of the college.

## Questions to ask:

1. How many students live on campus?
2. What is the average class size?
3. How many freshman classes are taught by a full professor?
4. Ask a question even if you know the answer.
